

INFORMATION

REGISTRATION FREE

Until November 10th Euro 250,00 + VAT 20%
 After November 10th Euro 280,00 + VAT 20%
 The workshop will be available for a limited number of participants.

HOTEL RESERVATION

Please submit your request for hotel accomodation to the Organizing Secretariat EEM International Congress Services by fax or email including your details together with arrival and departure dates and type of room.

ARAN PARK HOTEL****	
Single room	Euro 110,00 + VAT 20%
Double room for single use	Euro 126,00 + VAT 20%
Double room	Euro 165,00 + VAT 20%

Agency reservation fee Euro 15,00 + VAT 20%

Rates are per room, per night inclusive of breakfast.
 Please specify your correct address and VAT number for the invoice.

PAYMENT

Please send your registration together with your hotel reservation request to the Organizing Secretariat EEM via fax or email including the full payment (registration, hotel accomodation, agency fee plus 20% VAT on the total amount) choosing one of the following methods:

- Bank check
- Bank transfer to:
 EEM International Congress Services Srl
 Banca Popolare del Lazio Agency RM3
 c/c 520974 - ABI 05104 - CAB 03203
 Ref. "Cytometry 2003"

SPEAKERS

Francesco Annunziato
(Florence, Italy)

Jan Bayer
(Paris, France)

Giovanna Borsellino
(Rome, Italy)

Daniel M. Davis
(London, UK)

Luigi Del Vecchio
(Naples, Italy)

Michael Dustin
(New York, USA)

Didier Lecommandeur
(Milan, Italy)

Mark J. Miller
(Irvine, USA)

Vasilis Ntziachristos
(Boston, USA)

Andy Rawstron
(Leeds, UK)

Eddy Roosnek
(Geneva, Switzerland)

THURSDAY NOVEMBER 27 2003

I. POLYCHROMATIC FLOW CYTOMETRY

- 15.00** Introductory remarks
- 15.30** Francesco Annunziato (Florence, Italy)
Characteristics of human T regulatory cells showing CD25 expression
- 16.30** Jan Bayer (Paris, France)
Study of quantitative traits by multiple multi-color flow cytometry
- 17.30** *Coffee break*
- 18.00** Giovanna Borsellino (Rome, Italy)
Digging into the diversity of lymphocytes with polychromatic flow cytometry
- 19.00** *Discussion*

FRIDAY NOVEMBER 28 2003

II. ONCOHEMATOLOGY

- 09.30** Eddy Roosnek (Geneva, Switzerland)
NK receptors on TLGL and on normal CD8-positive T cells
- 10.30** *Coffee break*
- 11.00** Andy Rawstron (Leeds, UK)
Flow cytometric protein expression profiling to design clinically relevant MRD assays
- 12.00** Luigi Del Vecchio (Naples, Italy)
Multicolor flow cytometry characterization of myeloid lineage malignancies
- 13.00** *Discussion*
- 13.30** *Buffet lunch*

FRIDAY NOVEMBER 28 2003

III. NEW TECHNOLOGIES

- 15.00** Didier Lecommandeur (Milan, Italy)
Quantum dot nanocrystals as novel probes for cellular imaging
- 16.00** Vasilis Ntziachristos (Boston, USA)
Bringing in-vitro assays to life with fluorescence molecular tomography (FMT)
- 17.00** *Discussion*

SATURDAY NOVEMBER 29 2003

IV. DIGITAL IMAGING

- 09.30** Daniel M. Davies (London, UK)
Imaging NK cell immunological synapses
- 10.30** *Coffee break*
- 11.00** Mark J. Miller (Irvine, USA)
Multi-photon imaging of lymphocyte kinetics in situ
- 12.00** Michael Dustin (New York, USA)
Detection of autoreactive T cells by digital imaging of the immunological synapse
- 13.00** *Discussion and concluding remarks*
