

## Expert Advice for the Core Facility Manager The ISAC Resource (Core) Manager's Workshop at the ISAC Congress

May 23, 2006  
6:00 PM - 9:30 PM

Quebec City Convention Center, Room 202

Every day seems to bring a new challenge to a Core Facility Manager. Join the ISAC Resource Managers Task Force for an informative workshop on the techniques and tools you need to meet those challenges head on. The 3.5 hour workshop covers operational management issues such as crisis management, laboratory performance measurements, and a review of new electronic management tools (LIMS) developed specifically for cytometry labs. Educational management, the new ISAC Strategic Plan for Education, and a panel discussion are also on the agenda.

Come network and share ideas with speakers:

**Linda Lopez**

Baruch College

**Derek Davies**

London Research Institute

**Wayne Green**

University of Utah

**Leonore Herzenberg**

Stanford University

**Julie Auger**

University of Chicago

**Lori Krueger**

BD Biosciences

**Jonni Moore**

University of Pennsylvania

**Marie Follo**
